

## PROTECT YOUR CROPS TO MAXIMIZE YOUR YIELD

**Thrace Group's Silage Nonwoven Weather Protection Cover** offers a reliable and durable solution for protecting silage from harsh weather conditions.

Designed to act as a protective shield, this advanced nonwoven cover enhances silage preservation by reducing oxygen exposure and preventing water infiltration.

### Oxygen Barrier Film Protection

Eliminates the need for an additional UV film, shielding the oxygen barrier film from harmful rays.

### External Protection

Resists animals, hail, and other environmental threats with a tight, durable weave.

### Wind Resistant

Robust construction prevents wind from lifting the cover, reducing the need for extra weights.
